Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 9, 1996

SUBJECT: **SB 2925**

This bill, if enacted, will allow an entity in Morgan county located in a remodeled theater building that is at least forty years old which operates as a private social club to qualify for a club license to sell alcoholic beverages.

The fiscal impact from enactment of this bill is estimated to be an increase in state and local government sales tax and mixed drink tax revenues. Such increase cannot be determined but is estimated to be not significant.
